StarsLink Updates – May 2016

OLD REPUBLIC TITLE

StarsLink Update - May 2016

Old Republic Title's commitment to "Providing You The Best" continues with these latest updates and additions to [StarsLink](#):

» Updated Home Page

You may have noticed the [StarsLink](#) home page has a different look! The "Important Industry News" section has been replaced with the "Get Tuned in to ORT" section. There are three areas: [StarsLink Site Tip](#), [What's New on StarsLink](#) and [Shared Success University](#). Check back often as these are updated frequently.

» Best Practices

The [Compliance Provider](#) section has been updated with a new vendor, Security Compliance Associates ("SCA"). The [Tools & Reference Materials](#) in Pillar 3 have also been updated with this information.

» Updated Collateral

New additions to the [Old Republic Title Marketing Collateral](#) page include several sell sheets to help educate consumers regarding an Owner's Title Insurance Policy. This new material will help in discussing the importance of an Owner's Policy. This, and other resources, can be found on StarsLink's [Education & Marketing](#) page.
